## **FOREWORD**

This directory is intended to serve as a guide to visitors and patrons of the San Francisco Public Schools. These schools offer free instruction in a wide variety of subjects from kindergarten through junior college. Special classes for adults are conducted during both day and evening hours.

Parents who contemplate entering their children in the San Francisco Public Schools will be welcomed by the principal of their neighborhood school preferably during the morning hours. New residents who wish to register children in a public school for the first time should present a transfer blank and a transcript of record from the school the children last attended. Pending the receipt of such information, principals may register pupils from oral statements. A California state law requires students to attend school until they attain their eighteenth year or are graduated from a four-year high school.

In the pages of this directory will be found listings covering almost every type of modern educational offerings designed to meet the needs of pupils and students of all ages. Adult students may obtain supplementary information regarding the rich program offered in the vocational and technical field by addressing the office of the Superintendent, 135 Van Ness Avenue, San Francisco 2.

Educators who are visiting in San Francisco may arrange appointments for visits to schools by conferring with the Superintendent's office.

Supplementary inquiries will be welcomed at the central information desk of the Superintendent, 135 Van Ness Avenue, telephone UNDERhill 3-4680.

Superintendent of Public Schools.
